

NEVER WORRY ABOUT YOUR DOG ESCAPING AGAIN!

The Pet Barrier uses a safe and effective FM radio wire to create an Invisible Barrier around your property and gardens.

Call now to speak to the professionals in Pet Containment. We guarantee success.

Our Coded Digital FM radio frequency won't interfere with your household or allow the dog to get any false corrections.

You don't need to bury our wire, it can be connected to a fence or laid on the ground.

The dog's receiver collar has different levels to help make training really easy for your dog and you.

The collar is waterproof, has a 2 year battery and a lifetime warranty, even if the dog chews it.

Our Seven day help line means you have our professional support at any time.

Never worry about losing your dog again. Call us now for your **free consultation and quote.**
