4 PROGRESSIVE STIMULATION MODES

Depending on the level of training, the Canicalm Excel Dog Bark Collar may be adjusted to the level of temperament of your dog. It uses beep and static stimulations for efficient training. There are 4 levels of modes to select in minimizing the nagging barks of your pets. Choose from, Beep sounds only, Beep sounds + Light stimulations for your sensitive dogs, Beep sounds + Progressive stimulation or Beep sounds + Strong Stimulation for difficult dogs.

0-10 BARK DETECTION SENSITIVITY

It detects and activates the stimulation from your dog's vocal cord vibration depending on what level you had put the sensitivity on the collar. You can adjust the level of bark detection sensitivity from 0 to 10 specifically on the how light or strong your dogs bark.

WORRY-FREE BECAUSE IT'S WATER-FREE

Perfectly made for outdoor activities like going out for swimming and even sudden heavy rains. You can be assured that the Num'axes Canicalm Excel Dog Bark collar will be safe and fully functional even submerged in water.

SAFE MODE AUTO RESTART

We value and protect the wellness of your dogs. That is why, this Canicalm Excel will shut down for 2 minutes and a light indicator will flash twice every 4 seconds before restarting by itself if the collar gets activated for 5 times in quick succession for secured training for your pet.

3 WAY BATTERY CONDITION MONITORING FUNCTION

The Canicalm Excel Dog Bark Collar is powered with 3-V CR2 Li-Ion Battery. You can monitor the battery needs replacement by switching on the collar, 5 beeping sounds + light indicator flashing in red. Also while the collar is on, the light indicator flashes in red 5 times in every 5 seconds. Lastly, when you are turning off the collar, 5 beep sounds + light indicator flashes in red 5 times.

PERFECT FIT ADJUSTABLE STRAP

Canicalm Excel Anti Bark Collar has adjustable and washable strap that comfortably fits for your dogs. It has of 68cm and width of 18.5mm that is snug fit for the neck sizes from 17cm to 55cm that is safe to use in training your dog.
