## **Model : M682 No Bark Collar**

Congratulations on buying this Bark Collar, if for any reasons you are not 100% satisfied with your Bark Collar, please contact our customer service immediately so that we can help you.

## **Important Safety Information**

### **WARNING**

#### **Not for Aggressive Dogs.**

Do not attempt to use this product to correct behavior of dogs that are aggressive to people or other animals. Aggressive dogs may associate training collar stimulation with other control stimulation and become more aggressive. Aggressive behavior should be corrected by a dog training specialist.

If you are unsure whether this product is appropriate for your dog, please consult your veterinarian or a certified trainer.

The No Bark Collar must only be used for healthy dogs. This collar is not intended for dogs whose weight is less than 15 pounds or who are under 6 months

old. Take your dog to a veterinarian before usage if he is not in good health.

### **CAUTION**

Please read and follow the instructions to avoid risk of skin damage. It is important to use the collar correctly.

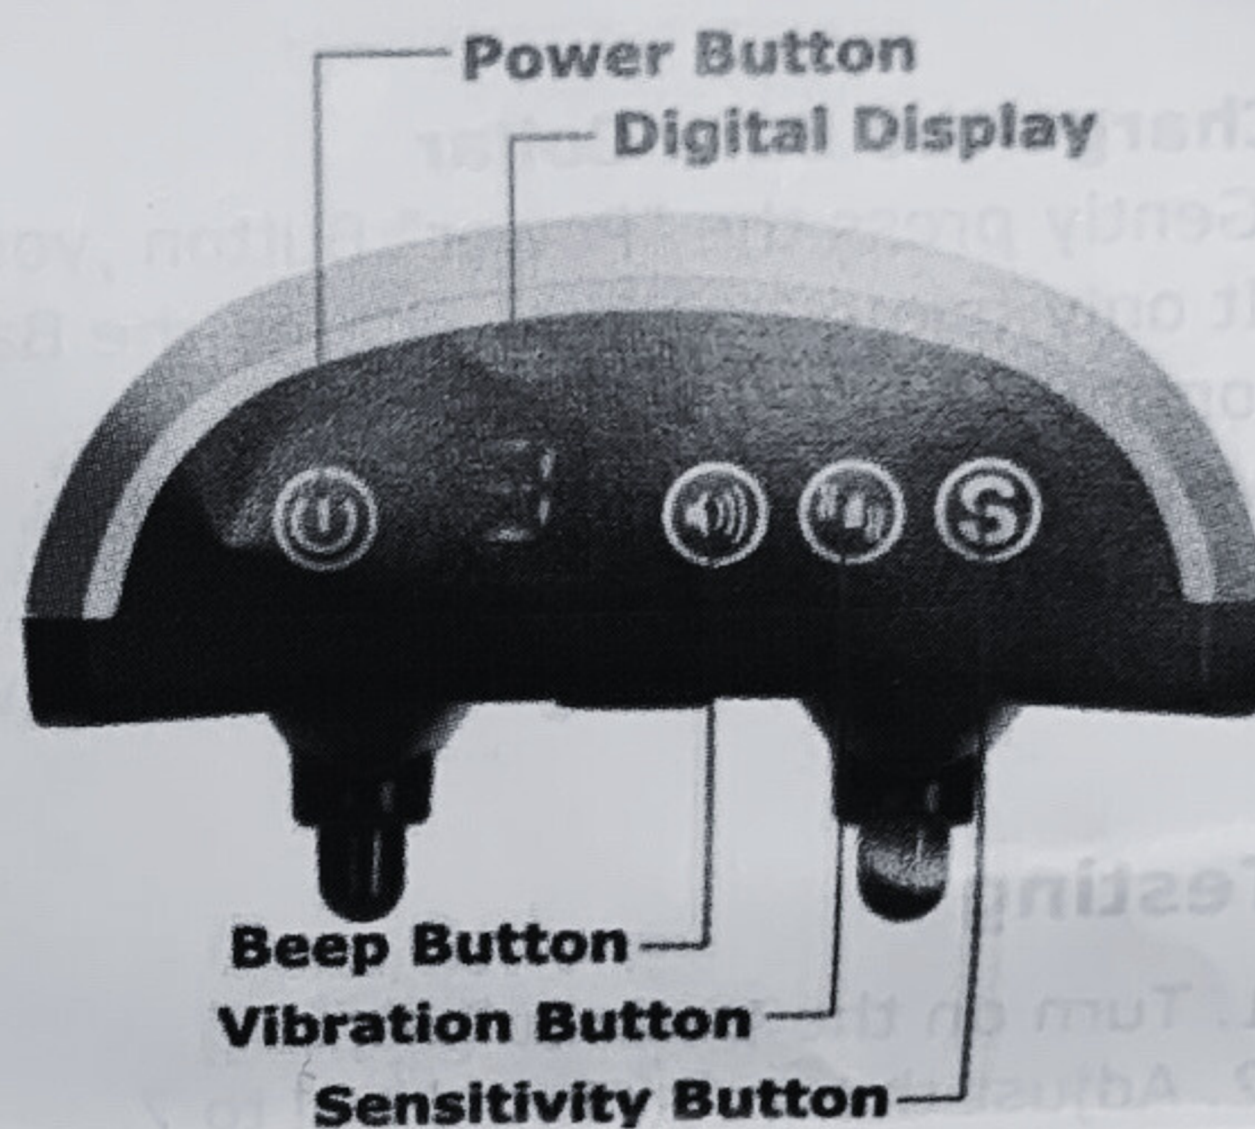

- Wearing the Bark Collar too tightly may cause skin damage.
- Check the collar and adjust to suitable size, the two contact points **MUST** touch your dog's skin to work effectively.
- Avoid putting the collar on your dogs more than 12 hours every day.
- If possible, re-position the collar every 1 or 2 hours.
- Check the collar to prevent your dogs getting excessive pressure, and just follow the instruction.
- Never connect an extra leash to the collar, or it will cause excessive pressure on the contact area of dog's neck.

- Wash your dogs' neck and the collar, especially the part between dogs' neck and the collar, weekly with a damp cloth.
- Examine the part between dogs' neck and the collar every day to avoid rash or sore.
- These cautions will help to keep your pet safe and comfortable.
