PROGRESSIVE STIMULATION LEVELS – 4 LEVELS OF CORRECTIONS

The Canicalm Premium has 4 adjustable stimulation levels in training your dog in successfully diminishing nuisance barking. Even a headstrong dog will comply with these levels of stimulations: Beep only, Beep + Light, Beep + strong and Beep + Progressive static stimulations.

VERSATILE BARK SENSITIVITY

Num'axes Canicalm Premium Bark Collar has flexible bark sensitivity setting where you can choose from low, medium or high, depending on the level of the training and to match the character of your dog.

RECOGNIZE YOUR DOG'S BARK - VIBRATION ACTIVATED ONLY

The unique feature of Canicalm Premium Bark Collar is the vibration sensor activation. The device will only be activated only on the barking of your dog and nothing else. You can be confident that no false correction will be given to your dog while on training.

WHOLE WATERPROOF FOR NO WORRIES

Whether you are training your dog indoor or outdoor, you are worry free because Canicalm Premium Bark Collar is fully waterproof. Air-tight sealed case for no single drop of water to damage this bark collar.

AUTO-RESTART FUNCTION FOR SECURITY

The safety of your dogs is always our priority in our products. With Canicalm Premium, if the bark collar is being activated in 5 quick successions; the system will go into safety mode for 15 seconds and will restart automatically. This will guarantee you that no over correction on the training to our beloved pets.

LONG LASTING REPLACEABLE LITHIUM BATTERY

It will surely save you money and time to look for new batteries, because the first battery provided by Num'axes can last up to 6 months. The product is powered with 1 3-V CR2 Lithium battery.

3 WAY CLASP FOR SWIFT RELEASE – ADJUSTABLE STRAP FOR MEDIUM TO LARGE DOGS

Num'axes Canicalm Premium Anti Bark Collar has adjustable NYLON STRAP with the length of 64cm and width of 25mm that is perfect fit for neck sizes from 22cm to 55cm. This is comfortable yet safe to use for your dogs because of the easy, 3-way clasp for quick release of the strap.
