UNIT SIZE & WEIGHT: 20mm x 25mm x 40mm | 53g

SUITS ANY SMALL BARKING DOG – EASY TRAINING – 10 LIGHT-TOUCH STIMULATIONS

Get rid of nuisance barking only and train your dog to bark only when needed. With 10 light-touch stimulation levels, it's perfect for any dog with any temperament and personality.

The PetSafe Elite Small dog bark Collar starts with a 'light touch' stimulation and increases slowly. It needs 'dual activation' (both sound and vibration), and will then set to the level that is most effective at stopping your small dog barking.

TEMPERAMENT LEARNING - 10 PROGRESSIVE STIMULATION LEVELS FOR SMALL DOGS

It will learn which level is more effective at stopping your dog from barking and set to that level automatically. Then reset the bark collar to start a new training level with your dog - Gradual consistent training. Each of the 10 levels is a slight increase with 10 light touch corrections.

PETSAFE PERFECT BARK TECHNOLOGY – ACCURATE DETECTION

Needing both sound AND vibration to activate. The PetSafe Elite Little Dog Bark Collar is equipped with a patented Perfect Bark Technology

COMPLETELY WATERPROOF BARK COLLAR FOR SMALL DOGS

A completely waterproof and durable receiver unit that will last long. You won't need to worry about getting a new collar if your dog loves water. Uses PetSafe RFA-188 Battery for complete waterproofing.

SAFETY CUT-OUT FEATURE FOR YOUR DOG'S SAFETY

A safety cut-out shuts down the collar for 3 minutes if your dog barks 15 times within 80 seconds – NO RISK of over-correction.

SMALL DOG BARK CONTROL COLLAR – ADJUSTABLE COLLAR STRAP

The PetSafe Elite Little Dog Bark Collar is perfect for dogs weighing up to 25kgs with neck sizes of up to 40cm. You get a perfect fit every time with the quick release clasp!

DUAL COLOUR LED BATTERY STATUS INDICATOR

The LED Indicator shows you low battery, flashes during activation and to reset the temperament learning system.
