#### SAFE & EFFECTIVE CITRONELLA SPRAY DETERRENCE

A small measured amount of citronella is what this Bark Control Collar uses to distract your little furry friend from barking excessively. With a bit of training, your dog will soon understand that barking is not a good thing to do when he's bored.

#### DUAL DETECTION – PERFECT BARK TECHNOLOGY

To prevent false detections, the PetSafe Small Dog Spray Bark Collar requires simultaneous detections of both sound and vibrations coming from your dog's vocal cords. It will only spray if your dog barks.

#### WATERPROOF CONSTRUCTION – FOR SAFETY

If you have a water loving dog, then don't worry if he likes to splash around in a puddle when it rains. The body is completely waterproof so it won't get damaged.

#### LED INDICATOR – FOR SPRAY AND BATTERY CAPACITY

Consistency is the key to proper and effective training. Stay consistent and know when you're almost out of citronella or battery with the LED indicator.

#### REPLACEABLE LITHIUM BATTERY – PETS SAFE RFA-188

The PetSafe Little Dog Spray Bark Collar uses the PetSafe RFA-188 3V battery which also helps with waterproofing the unit. It's completely replaceable to reduce lost time for training.

#### FOR SMALL DOGS – SMALL AND LIGHTWEIGHT

Designed for small dogs, the PetSafe Little Dog Spray Bark Collar weighs only 55g and fits dogs with neck sizes of up to 50cm.

#### 3 YEAR MANUFACTURER'S WARRANTY

Your investment is protected by a manufacturer's warranty for 3 years.
