#### SAFE ULTRASONIC DETERRENCE – ANNOYING TO DOGS

The PetSafe UltraLight Ultrasonic Bark Control Collar uses an high pitch ultrasonic sound to deter your dog from barking excessively. The sound is completely inaudible to humans and safe for their ears but annoying.

#### SOUND ACTIVATED BY BUILT-IN MICROPHONE

With the built-in microphone, this bark control collar only activates at the sound of your dog's bark coming from its vocal cords.

#### WATER-RESISTANT – NON-SUBMERSIBLE

Minor splashes are okay with the PetSafe Ultrasonic Bark Collar but take it off when you want to go to the beach or to the lake because its non-submersible.

#### VERY LIGHTWEIGHT DESIGN – COMFORTABLE FIT

At only 28g, this is a very lightweight bark control collar that should be comfortable for any small sized dog.

#### DESIGNED FOR MEDIUM TO TINY DOGS

The PetSafe Ultrasonic Bark Control Collar is designed for small dogs that are easier to control. A more potent solution might be required of you have a stubborn dog.

#### ATTACHABLE TO EXISTING COLLAR STRAP

If you don't want to use the included collar strap, you can use your own strap that's 2.5cm or less for a perfect fit.

#### 3 YEAR MANUFACTURER'S WARRANTY

The PetSafe Ultralight Ultrasonic Bark Control Collar is covered by a manufacturer's warranty for 3 years.
